

## 2025 Tidewater Orchid Society Bought Plant Auction

Below is a list of plants that have been secured to date for our upcoming Purchased Plant Auction. The auction will be held this upcoming Sunday (the 6th of April) at our regular meeting room in the Admin Center at the Norfolk Botanical Gardens. That room is in the first building on the left once you pass the entry gateway. The auction will start at 1 PM after a very short business meeting.

As you will see below, we have 71 plants with approximately 20 more still enroute. The plants were acquired with an emphasis on less demanding "windowsill" varieties. There are still a handful of true collectables to be disseminated. The auction will NOT go in the order that the plants are numbered on this list. They will be mixed up; so for example, you won't have to wait for the paphs to finish if you were more interested in a cat or something towards the end of the list.

Please spread the word and bring every plant person you can. If they don't buy anything, at least they can help you get all your new plants home.

- 1 Paph. venustum 'Red Fox' x self
- 2 Paph. (Red Shift 'Debbie Image Vivi' x (Claire de Lune x Ruby Leopard)) 'Giant Ventral'
- 3 Paph. Macabre 'Mother Mary' x Petula's Sensation 'Dark Delight'
